Hello Fellow Lions, Lioness and Leo's,

This past weekend was the District A Social to honor District Governor Larry Burton. The theme was "Back in Black" and it lived up to that title. The fellowship, meal, entertainment, and speaker were tremendous. Fellow Lions we have the same opportunity in December for District 22 D Ball so mark your calendars.

Also in November, we have been doing visitations three or four nights a week. This is what you call hitting the road hard. At the visitations, it was nice to see our clubs take the time to do the fun things before the end of the meeting.

We also honor our veterans in the month of November and you would be surprised how many Lions are veterans. Lions Clubs International has extended a special program to the end of the year for veterans to become members.

In December we will have three parties for the Visually Impaired. I know the Region Chairpersons would like all the help they can get. Clubs, make your donations and provide the transportation to get the clients to the parties. This is another great service we can do for our communities.

I saw an interesting quote this week "Smile it increases your face value" remember this the next time you meet someone.

As the last statement of every district bulletin, I plan on reporting our membership. The current number for the district is 1247 members. It is up to us to turn this around. **We all need to make it our personal obligation to increase membership. The district needs your help!**

Thanks for letting me serve this great organization.

Yours in Lionism,
James R. Coverdale
District Governor

From Our Vice District Governors

The Power of Service to Others

Lions of 22D, as we enter the holiday season we have a lot to be thankful for. We are part of an international organization that matters. Lions participate in giving and providing services all year long. This is a time of year clubs are donating to local food closets. They are supporting adopt-a-family and many more worthwhile causes.

My part as FVDG is to continue to focus on membership. District 22D has made a fantastic effort so far this year retaining and getting new members. Continue inviting friends to experience Lions and what we do by having them come to one of your club meetings or encourage them to join us in a service project.

Always remember to ASK ONE

FVDG Glenn

Moving Forward to Score

Hello Fellow Lions, Lioness and Leos,

The month of November is closing fast and the team is working hard to make District 22-D a growing and a strong District. It has been a great joy working together and speaking at the Clubs we have visited. Our District has improved in our Membership and Leaders of our Clubs are working very hard. I personally would like to thank all of our Members of District 22-D.

Do not forget the Governors Ball Dec. 5th at the Sands Hotel in Rehoboth. Our Multiple 22 Leadership school will be February 18-20 at Wor-Wic College in Salisbury. I do encourage all of you to attend, it is a fun and learning experience.

I want to wish all Lions, Lioness and Leos a wonderful Thanksgiving and be safe in your travels.

Remember we are all family and it is great To SERVE those that are not as fortunate as we are.

Bless all of you
SVDG Charles Taylor

The holidays will soon be upon us and that means we will be busy with bell ringing, Salvation Army Christmas stockings and helping local needy families. This will be in addition to the ongoing activities of bingo, meals on wheels, eye screenings, eyeglass collection and medical equipment loans.

Glasgow Lions

A representative from Deldot recently spoke to our club about adopting some local bus stops. A sign recognizing our club's participation would be placed at the sites. The idea is to have the site cleaned of any trash once a week and to communicate any problems with the site to Deldot. The club approved this project and we hope to get three sites,

On October 24 Lion Lucille made arrangements with Simon Eye at Fox Run to set up a table at the annual fall festival to provide club exposure to the public and accept donations for vision research.

Agents of service: Bauer, LB Lions Club offer medical equipment to locals in need

By Tripp Colonell
Staff Reporter

When fictional Los Angeles is in trouble on the hit television series "24," they call Jack Bauer. And when lower Sussex County is in trouble in real life, they do, too.

Ocean View's Jack Bauer may not be an FBI agent, but he is a board member of the Lord Baltimore Lions Club and leading the cause to meet one of the area's growing issues: rising demand from those in need of medical equipment but without the means to pay for it. And even though the club's been offering the service for almost 70 years, it's never been at the level it is now.

"The club has been doing this since it was formed in 1946 in some capacity, but not like what we do today," explained Bauer. "There's absolutely a big need for it."

"There's people that come out of the hospital and can't afford things, so we loan them," added LB Lions Club 1st Vice President John Monahan. "Jack finds out what they need and delivers it to people."

After stockpiling through donations an inventory of hospital beds, wheelchairs, lightweight wheelchairs, walkers, canes and other medical devices, Bauer and the club have been donating them to those in need, free of charge. And in some cases, they'll even deliver.

"We do not charge anything," added Bauer. "Even if they can get something through Medicare, they still have to pay for it. People sometimes can't afford that monthly charge."

Since he took over as chairman of

the project in March of 2007, Bauer said, the Lions Club has loaned out approximately 2,450 items, and members have volunteers more than 3,400 service hours to the cause. However, even with the time and effort put in, none of it would be possible without donations from the community.

"People are very generous in donating equipment when they're done with it," Bauer explained. "That's how this program continues and has grown over the years."

Another local community member stepping up to assist the Lions mission is Gerald Hocker, who lets the club store at one of his facilities a growing stockpile of inventory waiting to be loaned out.

"The mission is service, but not every Lions Club handles medical equipment, because primarily they wouldn't have a storage facility," Bauer said. "Gerald Hocker has been very generous with our club over the years."

"I was a Lion in New York. We didn't have anything like this there," added Monahan.

But not only do they offer wheelchairs to those who need them, the Lions will even go the extra mile to build a ramp so that it can be put to use. It's another demand so pressing that, since the ramp program began in 1988, the committee has built approximately 400 of them.

Between the medical equipment program, ramp construction program, getting involved at national disaster relief efforts, as they did with Haiti in 2010, and everything else the Lions Club takes on, Bauer said that the doors are always open

for those interested in joining the cause.

"We're always looking for new members," he said, noting that anyone who's interested should check it out themselves at one of their introductory dinners at Magnolia's in Ocean View. "That kind of a dedication to help others is what being a Lion is all about."

Dewey Lions support Buddy Walk

SUBMITTED ARTICLE

The Boardwalk Buddy Walk will celebrate 10 years of raising awareness, and funds, on Oct. 9-10 to benefit individuals with Down syndrome, and other cognitive disorders.

The Dewey Beach Lions Club has been supporting them since the beginning.

"On day one, before I had any sponsors, I relied on the Lions Club support to get the walk started," said Dennis Diehl, organizer of the event, and member of club. In addition to financial support, the Lions Club provides the venue, and manpower for several events in support of the BWBW mission.

The mission of the Boardwalk Buddy Walk is to create a community where people with Down syndrome, or any cognitive disorder, can live, work, play, and be valued for the individuals that they are. The event, which is part of Buddy Fest weekend has been recognized by the National Down Syndrome Society for exceptional community involvement. The walk has grown to include 100 self-advocates, and over 1,500 participants.

The Dewey Beach Lions Club and the Boardwalk Buddy Walk have partnered in several undertakings. Every Wednesday, the Lions clubhouse kitchen, is used to teach culinary, and kitchen skills to a group of individuals with various cognitive disorders. Also, this summer, the

club hosted their annual pancake breakfast, in support of the Dewey Beach Buddy 5K Run, which benefits Best Buddies Delaware and Buddy Walk.

On Oct. 9, the night before the Buddy Walk, the Lions Club will host the Buddy Up Party, where self-advocates and community members mingle. That event features a silent auction that raises thousands for the cause.

WHO KNEW ?!

- J**– Named for its miraculous abilities, the Amazon's '**Jesus Christ lizard**' can run over water
- K** – The **Kiwi** bird, native to New Zealand, lays eggs up to half its own weight.
- L**– The spiny and colorful **Lionfish** is covered in as many as 18 needle-like fins that inject poison. While seemingly dangerous, the toxins nauseate humans, but rarely prove fatal.
- M** – The African **Mudpuppy**, or waterdog, is a type of salamander so named for emitting a high-pitched squeaking sound reminiscent of a dog's bark.

Just imagine if every Lion, **1.4 million**, asked one person to join their club.....

Happy Thanksgiving
